PROGRAM DETAILS

Friant is the only manufacturer to offer **lower** pricing on a Quickship program. With more than 40 fabrics and finishes available, System 2 can be created in a multitude of designs and shipped in only 5 or 10 days. A few details to keep in mind:

- Quickship is designed for a maximum of 50 stations; larger orders may have increased lead time. Please check with customer service for larger orders.
- The Quickship program is for complete workstation orders with panels, and does not qualify for orders with parts and accessories only.
- Because we begin processing immediately, 5 Day Quickship orders do not allow changes, corrections, or cancellations once submitted.
- We do allow a 24 hour window for changes or corrections on 10 Day Quickship orders.
- Quickship orders require their own P.O. and may not be combined with standard lead time orders, or include a mix of 5 and 10 Day products.

QUICKSHIP FINISHES

We offer a select number of finishes for System 2 on the Quickship program — below shows an overview of finish options. All Friant fabrics are available on the Quickship 10 Day Program, with select colors of our Slide fabric available in 5 Days — refer to our Systems finish card for details.
